## ITALIAN NATION IS MUCH ELATED

Great Victory for Its Armies in Capture of the Important City of Gorizia

(Associated Press)

London, Aug. 10.—All Italy is celebrating the fall of Gorizia. It is reported that the Italians took twenty thousand prisoners with the city. The retreating Austrians are being pursued.

## ITALIANS DRIVE AUSTRIANS TOWARD TRIESTE

The Italians are driving the Austrians toward Trieste, twenty-two miles away, the Italians say. This apparently threatens the important Austrian port on the Adriatic.

The capture of Gorizia by the Italians is considered as one of the most important gains made since the Allies began their offensive. Gorizia is the door through which the Italians hope to pass through in capturing Trieste, Austria's big seaport at the head of the Adriatic sea.

## A TEMPORARY CALM

The French report further progress for their troops north of the Hem wood in the Somme region, but it is indicated the fighting is not quite so severe as in previous days. The British also report a quiet night on their front.

## MORE RUSSIANS IN THE WEST

Another contingent of Russian troops has arrived in France.

## MUSCOVITES MAKE ANOTHER MOVE

The Russians report the capture of the railway station at Krynlin on the Stanislaw-Nadvorna railroad.

## KRYPLIN AN IMPORTANT CAPTURE

The taking of Krynlin is considered important as it cuts the railway and threatens Stanislaw, whose speedy evacuation by the Austrians is expected.

## MOVING PICTURE FEATURES

Good news for Ocala movie fans! Beginning Monday, August 14, the Temple theater will run eleven-day Paramount pictures. That is, the pictures will be seen here just 11 days after they are first released to the public by the producers. The Temple will get the pictures immediately after they are shown at the Arcade theater in Jacksonville. This change will of necessity eliminate the features that Manager Bennett has had booked for this month from August 14 on; but he will make an effort to get those eliminated features as extras. The features for this month under the new booking will be: Pauline Frederick in "The Woman in the Case," Aug. 14; Marguerite Clark in "Little Lady, Eileen," Aug. 17; Cleo Ridgely and Wallace Reid in "The House of Golden Windows," Aug. 21; Vivian Martin in "Stronger Love," Aug. 24; Blanch Sweet in "Public Opinion," Aug. 28; Owen Moore in "Rolling Stones," Aug. 31.

At the Temple this afternoon and tonight will be seen Frank Losee in "The Evil Thereof," a Famous Players feature. It is said to be a powerful sermon, and an indictment of the mad love of money and the evils thereof. The plot has to do with the idle rich and the overworked poor. Tomorrow there will be another Keystone comedy, Ford Sterling in "The Hunt." The fourth episode of "The Girl and the Game" serial will be shown, and a Pathe News.

It became known today the matter was referred to the committee during the executive session Tuesday. On request of the Danish foreign office the terms will be kept confidential until both governments agree to them. It is understood the United States would take over all government property on the islands, guarantee the rights of the Danes living there and pay in gold.

## AFTER STORIES AND ILLUSTRATIONS

Special Men Sent to Marion County for Descriptive Matter by the Seaboard

Ocala and Marion county are getting a wealth of good publicity these days, and any newspaper man knows that in order to get the publicity it is necessary that the city and county has a "story" to tell. Special writers do not go after "stories" where they do not exist. At present Mr. Earl C. May, representing the Thomas Advertising Service, of Jacksonville, and Mr. George H. Walker, of that city, official photographer for the development department of the Seaboard Air Line railway, are here gathering facts about, and getting photographs of, the live stock industry of the county. Mr. May is writing the "copy," and Mr. Walker is getting the pictures, for an illustrated article which the Seaboard Air Line will use in one of its publications for the purpose of convincing the outside world that cattle raising in Florida is a profitable industry.

Yesterday Mr. May and Mr. Walker were out with Mr. Z. C. Chambliss, and this morning were out with him again, getting "stories" and photographs of cattle, hogs, sheep, silos and fields of feed for the stock. They plan this afternoon to go to the Mucian farms on the river.

Both Mr. May and Mr. Walker are former newspaper men.

## STRIVING TO PREVENT THE STRIKE

Mediation Board Trying to Bring About an Understanding Between Railroads and Their Men

(Associated Press)

New York, Aug. 10.—The federal mediation board is prepared today to meet with representatives of the railroad workmen of two hundred and twenty-five railroads to hear their side of the wage controversy. The board heard the railroad side yesterday. These deliberations are secret. There are three possible results of mediation. The board may get both sides to sign an agreement, get the consent of both to arbitrate or fail in both efforts if the men don't want to arbitrate.

## PRESIDENT MAY BE APPEALED TO

If the United States board of mediation and conciliation fails to adjust the differences between the railroads in the country and the four hundred thousand employees, President Wilson will be asked to use his personal efforts to prevent a general strike.

## MEN STANDING FIRM

While nothing has been officially disclosed, it became known on good authority that the brotherhoods show no disposition to modify their demands. G. W. W. Hanger, one of the mediators, said the situation might be cleared in twenty-four hours or it might be a week.

## LOSS OF LIFE

In West Virginia Floods is Heavy and Damage to Property Immense

(Associated Press)

Charleston, W. Va., Aug. 10.—Twenty-three bodies have been recovered from the debris carried down by the flood which swept the Cabin creek valley yesterday. Looting has been reported and most of two companies of guardsmen have been sent into the district and are guarding property, while relief parties are hunting for more bodies and distributing food. Reports received here indicate the loss of life very heavy. Whole mining villages were swept away and the miners are without food or any of their possessions. It is believed the Chesapeake & Ohio railroad will be able to run a train the full length of the valley by tomorrow.

## ANOTHER TOWN SWEEPED AWAY

Huntington, W. Va., Aug. 10.—It is reported that Jarolds, a valley town of five hundred, was swept away by the flood and seventy-five people lost.

## HAD NO WARNING

The inhabitants of Jarolds had no warning of the approach of the flood. More than two thousand are perched on the hill tops in danger of starvation, as it is difficult to get food into the remote sections. The death list may be heavier than first estimated.

## CRYSTAL RIVER

Crystal River, Aug. 8.—Sunday morning about 4 o'clock the ice factory owned by H. E. Chapie caught fire and was soon burned to the ground. The firm alarm was given and almost the entire population of Crystal River gathered, but could do nothing to save the plant. We have not learned the correct value of the plant, but it was estimated at about \$10,000, and was insured for about half that amount. Mr. Chapie intends to erect another double the capacity of the one that burned, and until then will have ice shipped from Dunnellon.

Mr. Chapie and family have the sympathy of the entire community in their great loss.

Miss Verda Hampton, who has been the guest of Misses Effie and Gladys Holland for several weeks, left Sunday morning for her home in Martel. She was accompanied home by Miss Effie Holland. Miss Hampton is an attractive and accomplished young lady, and made many friends who regret to see her leave.

## KENDRICK W. C. T. U.

The Kendrick W. C. T. U. met Tuesday afternoon, August 8th, at the church. There was a good attendance at the meeting. We were favored by having with us on this occasion our pastor, Rev. J. E. Hartsfield of Reddick. We also had with us Miss Margaret Little of Ocala, who added greatly to the enjoyment of the afternoon by rendering several very beautiful instrumental solos.

The meeting was opened by singing "The Home Guard," Miss Berta Guthery, pianist.

Our pastor, Rev. Hartsfield then read a beautiful scripture lesson from I Corinthians and offered prayer for the work of the organization in all its departments throughout the land.

Owing to the absence of the secretary the roll call was omitted. The minutes of the previous meeting were read and approved. Reports from the treasurer and superintendent of the Flower Mission department then followed.

It was decided to give an ice cream supper Tuesday night, August 15th, in the grove on the Dixie Highway between the homes of Mrs. Perry and Mrs. Lyles.

Miss Margaret Little then favored us with a piano solo entitled "Rippling Waves."

Our president, Mrs. J. B. Webb, then conducted a temperance Bible reading, which was very interesting and helpful.

Instrumental solo by Miss Margaret Little.

Recitation, "A Little Child Shall Lead Them," by Miss Ruby Spencer.

## OUR STATE KEPT ITS END UP

Criticism by Penrose and Other Northern Senators of Florida Troops was Unjust

St. Augustine, August 9, 1916.

Editor Star: There has been so much comment in the press throughout the country, concerning the recent mobilization of the National Guard, that I have obtained the permission of the governor to print and make public, a report which was submitted on July 25, concerning the mobilization of the troops called for from this state.

Recently in the Senate, during the discussion of the army appropriation bill, some of the senators from northern states, and notably Senator Penrose from Pennsylvania, severely criticized the southern troops because they had not been moved to the border. The Pennsylvania senator selected Florida particularly for his comment. It is not known, of course, whether there has been the same difficulty in the northern states in obtaining equipment for the troops as there has been in the southern states, but it is certain that no troops can move from their camps until ordered to do so by the commanding general of the eastern department. The latter official advised this office that orders for the Florida troops have not been given because the regiment is not fully equipped.

Obviously, this is a matter for which no responsibility rests upon the National Guard itself, and certainly the remarks of the senator were unwarranted and grossly unjust, and as it appears from the records, the Florida troops were mobilized several days before the National Guard of Pennsylvania. The completion of the requisite organization in this state, and its recruitment to practically twice its strength on the date of the call, within three days, is an achievement for which neither the guard nor anyone concerned need feel ashamed.

If the method of recruiting which was in effect at that time had not been brought to war strength within a very short time.

Yours very truly,

J. Clifford R. Foster.
